The Cedar County Planning and Zoning Commission met on September 17, 1980, in the Courthouse, Tipton, Iowa. Members present were: Chairman Davidson, Chambliss, Loeffler, Moeller and Zoning Administrator Dvorak. Minutes of the previous meeting were read and approved.

Thomas R. Park, Tipton, was the first petitioner, requesting that approximately 4.9 acres located at the east edge of Cedar Bluff be changed in zoning from Aa to Rs. No objectors were present. Dvorak presented the plat and soil map to the commission stating that the only major problem is sand. Loeffler moved and Moeller seconded approval of his petition. Ayes all.

The next petitioner was Attorney Durwood Dircks, representing Paul Hasselbusch and Delmar Prosser of Clarence, presenting a petition to rezone 27 acres of land from Aa to Mb for grain storage and LP bulk storage. Dircks stated that 4-5 acres is presently being used and the additional acres to be rezoned are for possible future expansion. Moeller questioned the Mb classification stating that there would be no guarantee what the zoning classification would allow in the future if all 27 acres were rezoned now. Dircks stated that the Mb classification is needed for the storage of LP. After discussion, Moeller moved and Chambliss seconded to change the petition for rezoning from Aa to Mb of 10 acres of highway frontage instead of the original petitioned 27 acres. Ayes all.

Dennis McMenimen, Attorney from Cedar Rapids, representing Jerry Lenz and Steve Peterson, presented a petition for rezoning of approximately 8.5 acres located north of Mechanicsville from Aa to Rs. Lenz and Peterson are purchasing the property from Marjorie Fairley. They intend to split the property and each build a single family dwelling. Dvorak read a petition objecting to the rezoning signed by

the following: Gary Baker, James High, Duane Jurgenson, Robert Beck, Charles Johnson, Gorman Robinson and Leroy Wendt, all of Mechanicsville. Objectors present at the meeting were: Melvin Baker, Gary Baker, Ron Baker and Bill Nehring. Melvin Baker commented about runoff problems, concern about possible future problems if he builds a hog confinement near the property to be rezoned and questioned roadway on the property. Gary Baker explained that the property is used for wildlife runs and feels that the property will lose value if petition is allowed. Bill Nehring stated that the Cedar County Sportman's Club is concerned about removal of the trees disrupting the wildlife refuge. Ron Baker questioned the drainage of the sewer systems. Dvorak then stated that there is no high water table in the area so there should not be a problem and that the sewer systems will have to meet specifications. Dvorak read the soil maps stating that the steepness of slopes is the only foreseeable problem. After further discussion, Moeller moved and Loeffler seconded to approve the petition to rezone two 1 acre plots. Ayes all.

Meeting was adjourned at 11:10 a.m.
